

SARK SOUL ISLAND RETREATS

Getting to Sark

The Pearl of the Channel Islands.

An hour's flight from London, Paris and Dublin.

A world away from anywhere else.

YOGA & NATURE RETREATS · ISLE OF SARK

THE JOURNEY, SIMPLY

Closer than you think

Most guides repeat three facts about Sark: no cars, dramatic cliffs, and a dark night sky. All true, but they miss how the journey is half the pleasure. Sark can only be reached by boat, and the relaxed slow crossing puts you on island time before you even arrive.

ST PETER PORT, WHERE THE
FERRY DEPARTS

THE CROSSING, PAST HERM AND
JETHOU

THE CROSSING FROM GUERNSEY · APPROX 45 MINUTES BY SEA

1

Fly to Guernsey

About an hour from Gatwick. [Aurigny](#) flies from most UK cities plus Paris and Dublin, and [British Airways](#) serves Heathrow. See airport.gg for updated status.

2

Get to St Peter Port

Sark Shipping terminal is 20 to 30 minutes from the airport. For a transfer that matches your flight, we use [Platinum Executive Services](#) or [Taxi2Where](#); mention Sark Soul Island Retreats when you book.

3

Collect your tickets and drop your bags

Head straight to Sark Shipping to collect your ferry tickets. Ask for luggage labels and leave your bags in the holding area. You are then free to explore the town until your sailing.

4

Take the ferry to Sark

Collect your bags from the holding area, then it is roughly a 45 minute sailing past Herm and Jethou. Our May retreat guests saw dolphins swim alongside the boat.

5

Arrive at Maseline Harbour

The toast rack (transportation) carries you up Harbour Hill, then a horse and carriage takes you to your accommodation. Your luggage will be at the retreat house when you arrive.

WHEN YOU COME TO US

Arriving for your retreat

We are happy to help with travel planning before you book. From the harbour, the toast rack and then a horse and carriage carry you the last of the way, and your bags follow separately.

GETTING AROUND

The island is yours to explore

AN E-BIKE AT LA COUPÉE, THE CAUSEWAY TO LITTLE SARK

With no cars, the bicycle is how most people get around. Electric bikes make the hills even easier. There are a number of bike shops on the Island, including [Bam's Bikes](#), [Sark Bike Hire](#), [A to B Cycles](#) and [Avenue Cycles](#).

A TYPICAL DAY

The day begins with yoga and movement, then a wholesome breakfast. After that the island is yours: swim in a turquoise cove, walk the clifftops in wildflower bloom, cycle the quiet paths, or join us for a guided tour. Some of Sark's finest caves and bays can be reached only from the water, and a trip with [Sark Boat Trips](#) is easy to arrange.

As evening gathers we return to the mat for the second yoga session of the day, followed by dinner and stargazing around a campfire once the evening permits.

THE DARK SKY

The world's first Dark Sky Island

THE MILKY WAY OVER SARK HENGES

In 2011 Sark became the world's first Dark Sky Island. With no street lighting and no vehicles at night, the Milky Way beams from one horizon to the other, and on the clearest nights the sky is dark enough to reveal thousands of stars, distant planets and the occasional shooting star.

THE OBSERVATORY

The island's observatory, run by the Sark Astronomy Society, offers guided stargazing, solar viewing and astrophotography. Sessions are popular and places are limited, so we recommend booking ahead. In winter, high solar activity can even bring the northern lights into view. We include a visit as part of your retreat, so bring a torch for the walk back. Find out more at darkskyisland.co.uk.
